**Subject:** RE: Music Education in North Wilts

Dear Tony,

Thank you very much for your email and for writing to me to stress the importance of music education and their #DontDropMusic campaign. I do understand what an impact music can have on children's education and I was very interested to hear of the wonderful work that you did last year.

I will certainly write to both the DfE and the DCMS to highlight your campaign and make sure the Government are aware of the issues you have raised. I will let you know as soon as I have received a response.

Best,

James
